

Creating a wellness vision

Take a moment to picture yourself at your best, most thriving self.

1. Where are you?

2. Who are you with?

3. What are you doing in that moment?

4. How do you feel?

5. What's energizing you?

6. Which of these things are you already doing?

7. What's the deeper thing that makes you want to make a change?
